Dance Band Opens Series Here July 26

A San Francisco boy who is making good in a big way is Muzzy Marcellino who will bring his orchestra here on Saturday night to open a series of Summer dances sponsored by the July 4 celebration committee.

Following the successful rodeo celebration on Independence Day, the committee decided to bring several "big name" bands to Redwood City during the Summer as a further means of adding to the city's recreation fund.

Marcellino's theme song, "I'll Take an Option on You" is familiar to millions of radio listeners and dance lovers. And the same band that has made that theme famous over the airways will be at the recreation grounds on Saturday night to entertain Redwood City-zens and their visitors in person.

Not only his theme song, but all other numbers played by his orchestra, have a distinctive "Marcellino touch" due to the excellent arrangements that put his music in a class of its own.

Instrumental features of the band include guitar, flute and muted brass. Marcellino arrangements feature use of the flute and clarinet, either as solo instruments or together.

Marcellino was born and reared in San Francisco and is a graduate of the University of California.

In addition to numerous dance broadcasts on the major radio networks, Marcellino has appeared on several of the air's top radio productions and in several motion pictures.

Visitors to Blarney Castle near Cork, Ireland, who kiss the Blarney Stone alone, will become proficient in flattery, according to legend.

Wagons Roll at Night, at Redwood

Romantic interest of "The Wagons Roll At Night" is sustained by Joan Leslie and Eddie Albert. The feature stars Humphrey Bogart and Sylvia Sidney in the rough and tough story of a carnival company, opening Sunday at the Redwood Theater. Companion feature is "The Penalty," starring Edward Arnold and Lionel Barrymore.

Local Leaders Invited To S.F. Harbor Fete

Invitations to attend and participate in San Francisco's Harbor Day celebration Aug. 2 were received today by officials and leading citizens in San Mateo County.

A luncheon given by the San Francisco Junior Chamber of Commerce at the St. Francis Yacht Club; a tour of the bay on the army transport Gen. Frank M. Coxe and a party at the Aquatic Park building are among the entertainment features.

Among those invited were Mayor Harold F. Anderson of Redwood City; Norman S. Menifee, chamber of commerce president, and Roscoe D. Wyatt, secretary-manager of the chamber. Alfred (Red) Morton, city recreation director, will attend and investigate an exhibition of water skiing that will be presented at the yacht harbor.

George W. Craig Dies at Menlo Park

MENLO PARK — George W. Craig, 68, died here yesterday after a serious illness. He had made his home here for the past 16 years, during which time he was employed as a road construction foreman.

He was the husband of the late Florence Ross Craig who died in 1939.

Survivors include three daughters, Mrs. Joanna Mackenhausen, Burlingame; Mrs. Malvina Turner, Oakland, and Mrs. Vivian Montgomery, Menlo Park. Also surviving is a brother John Craig of Yakima, Wash., and a sister, Mrs. Marjorie Husted of Seattle.

Surviving grandchildren include Donald MacDonald, Roy Machenhausen, Richard Machenhausen, Chester and Marjorie Montgomery.

Local Church Receives Incorporation Papers

Secty. of State Paul Peek has filed articles of incorporation of the "First Christian Assembly in Redwood City, California," a non-profit corporation with headquarters in Santa Clara County.

William Farwell, Marguerite L. Blum and Grace A. Benson, all of San Jose, were named as directors for the new corporation.

FOR GOOD COFFEE

Rounded glass coffee pots are easy to clean if you use brushes curved especially to fit into the rounded part. These brushes are inexpensive, easy to use and will last a long time. And remember that poor coffee is often the result of a poorly cared-for pot.

One-twelfth of Australia's rubber is coming from the island of Papua.

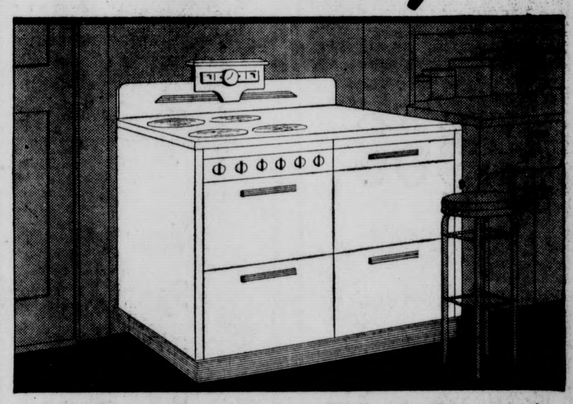
Electric Cookery is "CLEAN" as Electric Light



Millions Now Enjoy Electric Ranges!

Have a picture book kitchen, clean and bright and modern. Start right with a modern electric range. Select any one of the new models from a variety of makes. They are all good ranges. They are all priced reasonably low. And anyone of the new 1941 models will cook with all the speed you would want food to cook. Then no matter if your kitchen is painted white or some light cheerful color do not worry about the paint getting smudgy and dirty looking in a short time. Your electric range cooks with heat from glowing coils that are clean and dependable as electric light.

Millions of American women now cook the modern electric way. They like the simplicity of operation of the electric range. They like the way the top units come up to cooking speed quickly at the snap of a switch. They like the perfect broiling and roasting in the ovens. They like the automatic time and temperature controls that take care of oven dinners or baking. And they like the economy of electric cooking, too.

Why not cook the modern way...with electricity? Here in California electricity is cheap for cooking. You will be amazed at how little it costs to operate one of the new 1941 electric ranges.

Drive Carefully On Your Vacation

HERE IS A TIP to everyone who plans to take a vacation trip.

You plan your trip carefully to insure the most pleasure, don't you? You inquire about the best roads, the best accommodations, the most scenic routes. You do not want to spoil your vacation.

But did you ever stop to think what one thing could ruin your vacation more than anything else? Well, that one thing is a traffic accident. At the worst, it can mean death or injury. At best, it means added expense and inconvenience.

For a happy vacation trip, take caution, common sense and courtesy with you.

SAN MATEO COUNTY TRAFFIC SAFETY COMMISSION

Menlo Park Selectee Missing; One Inducted

MENLO PARK — Although two draftees under the jurisdiction of Menlo Park Selective Service Board 107 were scheduled to leave for San Francisco on Tuesday for induction into the army, only one appeared at the station.

William Winfield Armentrout of Greeley, Colo., former Menlo Junior College tennis player, was present, but Joe Lopez Romero of Bakersfield, the other man called, did not appear and has not been heard from since his call was issued, according to draft officials.

The Menlo Park board will send one man in the next draft quota on Aug. 4.

Population Study Ordered To Determine Court Status

The second step in the legal process of elevating the Third Township Justice Court at Redwood City from Class B to Class A rating was accomplished according to schedule Monday. Superior Court Judge A. R. Cotton appointed Roscoe D. Wyatt, Redwood City Chamber of Commerce secretary, as referee to determine whether the township has the 30,000 minimum population required for a Class A justice court.

If Wyatt's findings show the township has gained 184 or more in population since the last federal census in April, 1940 — and most observers think it has easily passed that mark—Judge Cotton may effect the new court's establishment by a writ of mandamus ordering Judge McAuliffe to accept a case beyond the jurisdiction of a Class B court. When the census count was made, the population was 29,816.

Last week Atty. A. H. McGovern petitioned Judge Cotton for the writ, asserting McAuliffe had refused to accept a $600 suit on a promissory note, on the grounds he lacked jurisdiction. (A Class B court cannot accept a case involving more than $300, while a Class A court may accept cases involving up to $1000.)

In an answer filed today, Dist. Atty. Gilbert D. Ferrell, representing McAuliffe, joined in requesting that the matter be judicially determined. Judge McAuliffe, the answer stated, has refused to accept the case and will refuse to do so until his jurisdiction has been determined.

In an amended petition filed today, McGovern cited evidence of growth in the incorporated and unincorporated areas comprising the Third Township since the last census to substantiate his claims the population has reached 30,000.

Wyatt was instructed by Judge Cotton to conduct hearings and take testimony as to population changes since the census, and submit his findings to the court.

Judge McAuliffe's salary will be increased from $175 monthly to $300 if and when the court is elevated.

Body Found In Waters Of Bypass

BELMONT — The body of a woman found late Saturday in the shallow waters of the Belmont bypass just east of Bayshore Hwy. at Belmont, yesterday was identified as that of Mrs. Pierson Morris, 70, of Trinidad, Colo.

Coroner William F. Crosby said that Mrs. Morris apparently had committed suicide Saturday morning shortly after leaving the home of Mrs. J. E. Woods, 1285 Sixth Ave., Belmont, with whom she had been visiting for several weeks. An autopsy showed she had died of drowning.

Mrs. Woods informed the coroner that the aged woman had been in ill health but had not been despondent. She left Saturday morning to walk to the Belmont depot where she planned to take a train to San Francisco to visit friends.

A small boy walking near the dredged channel discovered the body shortly before 6 p.m. and reported to Police Chief Fred J. Johnson.

The United States is the greatest dairy nation in the world.

Champion Skaters In Ice Follies Show

Newest and most dazzling edition of the Ice Follies, now delighting thousands in its annual appearance at Winterland, San Francisco, brings together many famous figure skating champions.

More than half of the principal skaters in the spectacular production have earned honors in world competitions.

Osborne Colson, still in his early twenties, won the junior championship of Canada in 1934 and the senior Canadian championships in 1935, 1936 and 1937, turning professional two years ago to join the cast of the Ice Follies. Frances Claudet, of Ottawa, who is paired with Colson in a new double number, was a champion of the famous Minto Club for six consecutive years and was co-holder of the Canadian pair championship.

In 1932 she competed under the Canadian colors in the Tenth Olympic games. Both Miss Claudet and Colson are gold medalists, the pinnacle of the figure skating sport.

Winners of seven important titles, Idi Papez and Karl Zwack have made appearances in more countries than any other Ice Follies stars. Three times they won the Austrian pair title; in 1933 they were European champions and four times, three of them in successive years, they were runners-up for the world title, once coming within .09 of a point of winning.

Other title winners among the Ice Follies principals include: Roy Shipstad, one time United States champion; Evelyn Chandler, another U. S. title holder; and Ruby and Bobby Maxson, Northwest junior pair champions for a number of years.

Ice Follies has 75 of the best skaters in the United States here for its new production. The blade extravaganza includes 25 spectacular numbers including comedy, colorful group numbers, a series of thrillers and more than a score of well-known stars.

Ice Follies tickets are available for every night, and for the July 26 special matinee, at Winterland, WAlnut 0112; at Sherman Clay boxoffices in San Francisco and Oakland, and by mail order addressed to Winterland, Post and Steiner Sts., San Francisco.

Australia has a bombardier beetle (Pherosophus verticalis) which sends out a little cloud of acrid vapor to temporarily disable its enemies.

Elimination of Separate Returns Protested by State Bar Leaders

The board of governors of the state bar today protested the pending proposal in Congress to eliminate separate federal income tax returns for husband and wife. Joint returns instead would be compulsory.

"The State Bar of California opposes the amendment on the ground that it would, if enacted, be illegal," said Loyd Wright, president of the state bar. "There are many substantial grounds for opposing the measure."

"One of the greatest advances of the American way of life has been the recognition that women are the equals of men before the law, and as such are entitled to be treated as individuals, personally and economically," continued Wright.

The proposed joint income tax return would have a tendency to tear down the marriage relationship, Wright pointed out. "It would encourage divorce for purposes of saving income taxes. Established domestic relationships, particularly in the states such as California, which have community property laws, would be disrupted."

Wright pointed out that the proposed law would unjustly penalize women who have achieved, through their own efforts, financial independence.

Married women with small personal incomes would be penalized disproportionately to married women with incomes so large as to come automatically within the surtax brackets.

"There is, of course, the urgency of raising new taxes to meet the extraordinary expenses of the American defense program. Means to provide these funds can be devised," Wright continued, "without tearing down the things we are raising money to defend—individual rights and our homes."

More Contributions Received by USO

Several contributions to the United Service Organizations drive have been received in the past week despite the fact that Redwood City is over the top in its campaign.

Floyd F. McCue, general chairman of the local drive, has acknowledged $39.21 contributed by the employes of the S&W Fine Foods cannery and $25.25 given by workers at the Plant Rubber & Asbestos Works.

McCue said contributions still would be received by the committee in charge of the drive and may be left at the chamber of commerce office in the city hall.

The women's bureau of the U.S. Department of Labor was established in 1920.

Motion picture theaters in Canada had receipts of nearly $37,600,000 in 1940.

Board Studies Fence Limit

"Spite fences" as a device to vex a next-door neighbor in neighborhood feuds will soon be outlawed in Redwood City, if the council adopts an ordinance prepared by City Atty. Albert Mansfield.

The ordinance would limit side fences or walls to a height of 6 feet and hedges to 7 feet; rear fences and walls, 6 feet, and rear hedges, 8 feet: side fences, walls or hedges from setback lines to street, not over 4 feet.

Mansfield said one local resident had sought official sanction of his plans to construct a 20-foot fence on his property line to screen him from a neighbor he disliked. He was advised the act would harm the neighbor by shutting off the sunlight and air currents, and would not be permitted.

Thus balked, the man said he had a 7-foot hedge bordering his property, which he would allow to grow unrestricted. Apparently this jack-and-the-beanstalk trend of the hedge has not been curbed. The new ordinance will enable the city to control such property line barriers, councilmen said, but they agreed with Mayor Harold F. Anderson's suggestion that they hold it over to the next meeting for further study.

"That will give me a chance to measure my own hedge in the meantime," observed Councilman Floyd D. Granger.

Mayor Anderson cautioned the council against adoption of an ordinance which might affect hedges or fences of "fifty per cent" of the property owners.

"You go around town and you'll see plenty of hedges and fences over 8 feet tall," he told his fellow councilmen. "I don't like to pass a law that isn't going to be enforced."

Councilman Evans A. Fletcher proposed that ornamental rear fences or hedges should not be restricted in height so long as they did not interfere with other residents.

The ordinance will come up for action at the next council meeting on Aug. 4.

Leaders for YMCA Camp Chosen at Meeting

Leaders for Redwood City's first YMCA stay-at-home camp to be held on the Sequoia High School campus the second week in August were announced today by Rev. Merlin C. Donaldson, boys' work secretary who will be in charge of the affair.

Chosen to lead were Jack Farrell, Gordon Newton and Bruce McNeil of Redwood City; Bob Stendiford, Menlo Park, and Bill Burton, Belmont. Registration for boys desiring to participate in the camp activities will start Monday at the YMCA office, Rm. 7, Doxsee Bldg.

Boys from 9 to 18 years of age may take part in the camp activities, according to Rev. Donaldson. They do not have to be members of the YMCA. Among activities in which those attending will participate will be swimming, track, baseball, archery and craftwork. Hours will be from 9:30 a.m. to 5 p.m. each day from Monday through Friday.

There are clothes hangers and rods to fit every size and shape of closet. Inquire about them at your department store if you have inadequate and irregular closet space.

Christensen Named To Defense Council

Mayor Harold F. Anderson has appointed Councilman Louis C. Christensen to represent Redwood City on the San Mateo County Defense Council, now being organized by the board of supervisors.

The board has requested all cities in the county to name one representative each to the council, which will have administrative authority in defense organization matters, and with which volunteer defense groups will cooperate. Unincorporated areas will also name representatives, and some county officials will be ex-officio members of the council. The council will work as a unit of the state defense council.

The council also gave final approval to the appointment of Willis G. Frost, civil engineer, as a member of the three-man board of review. He was appointed to succeed Robert Littler, who resigned recently.

Rev. Ward Returns From Vacation Trip

Rev. Charles E. Ward, pastor of First Congregational Church, has returned to his home from a three-week vacation trip that took him into the Donner region and Grant National Park. He will be in the pulpit of his church for services Sunday.

$75,000 Flood Control Program Proposed as Long-Range Project

A comprehensive flood control program for Redwood City was submitted to the city council last Monday by City Manager C. L. Dimmitt, who admitted the $75,000 program could be developed only over a long period of time.

Dimmitt recommended the expenditure of $3000 for immediate improvements, and listed projects he deemed worthy of prompt attention.

Those designated as most urgent were: (1) Broadway and Perry St., with some work on the creek channels in that vicinity; (2) ditch work in Valota Park; (3) ditch work in the section between Roosevelt and Oak Aves. and along the southwesterly city limits.

DAMAGE SLIGHT

The city manager said the extensive flood survey conducted by the city engineering department under his supervision showed that floods had caused inconvenience but little damage.

"While these shallow floods cause inconvenience and discomfort, no extensive damage has been suffered and in this report we submit and recommend only such construction as we consider may be justified on a basis of cost compared to results accomplished," his report stated.

"The property adjoining the line of the marsh lands bordering the bay, while above mean tide, is in some instances below the level of the spring or flood tides and occasionally a heavy storm water runoff is coincident with high tide, causing a temporary flood condition which is unavoidable without excessive cost for levee and pumping equipment," the report continued.

The long-term plan envisages the following general steps: (1) Construction of intercepting ditches and channels to control storm water flow; (2) improvement of existing channels; (3) extension of storm water sewer pipes with additional catch basins; (4) construction of concrete bridges to replace narrow, wooden bridges; (5) construction of a concrete retaining wall to protect creek banks near Maple St., where the street pavement is threatened by caveins; (6) construction of a new outfall for the Chestnut St. sewer, serving South Redwood, a portion of the Eastern Addition and the S&W Fine Foods plant. This would connect with the North Fair Oaks Sanitary District sewer outfall, would serve the recreation park and provide an outfall sewer for the area between Stambaugh St. and Bayshore Hwy. south of Chestnut St.

PROJECTS LISTED

The projects and the cost of each as listed by Dimmitt follow:

"Project 1—For prevention of recurrent floods over an area between Roosevelt and Oak Aves. west of Junipero Ave., and flooding of Roosevelt Ave. from Junipero to El Camino Real, the construction of intercepting ditches along southwesterly corporate limits line in order to divert flow into creek channels. Estimated cost, $2000.

"Project 2 and 2A—For prevention of flooding portions of Valota Park, South Redwood, Reese Subdivision, and Redwood Ave. from Ebener to El Camino Real. Construction of intercepting ditches along southwesterly line of Valota Park, drainage ditches, storm sewers and catch basins and acquisition of rights of way required. Estimated cost, $6000.

REDWOOD CREEK

"Project 3 — The northerly branch of Redwood Creek follows a rather tortuous course along what may be called the extension of Vera Ave., finally angling across said avenue at a point about 200 feet north of its intersection with Myrtle (formerly Hawes) St. Two Hetch-Hetchy pipe lines cross the creek near this angle and the city has an 8-inch sanitary sewer line, a 10-inch and a 6-inch water line crossing just below. There have been a serious washing out and caving of banks during the past few winters, principally caused by the large Hetch-Hetchy pipes in bottom of creek. On account of the winding course of the channel the three pipe lines by the city have two quite unnecessary crossings. Right-of-way has already been secured for the extension of Vera Ave., and it is proposed to dig a straight channel and line the same in order to protect the pipe lines and be able to develop the property fronting on this avenue. The San Francisco Water Dept. will be asked to contribute a portion of the cost involved. Estimated cost, $9900.

"Project 4—To avoid flooding of Broadway at its junction with Perry and California Sts., involves cleaning out and deepening of present channels from a point east of the Southern Pacific tracks to junction of creeks and from said junction to California St. Incidental thereto is enlargement of pipe culvert at James Ave. crossing and construction of concrete end walls.

"Included in this project also is work on the main creek channel from above named junction to and beyond El Camino Real. The State Highway Dept. has constructed a new bridge and in order to derive full benefit therefrom, this channel must be cleaned, deepened, and enlarged for both intake and discharge. Estimated cost, $3000. The final development of the land owned by Southern Pacific Co. and popularly known as Butcher Field will require additional work to eliminate the existing creek channels and no complete estimate is at this time submitted, as the cost of such work must be covered by some agreement with the owners of the land. The construction, however, of a culvert from California St. to James Ave. is recommended.

PERRY ST. AND BROADWAY

"Project 5—The extension of the storm sewer along Perry St. to the alley with additional catch basin capacity is required to correct the drainage defect at Broadway and also the reshaping of the pavement at intersection to facilitate pedestrian traffic along Broadway and across Perry St. Estimated cost, $600.

"Project 5½ — Extension of present storm sewer pipe line from Brewster Ave. along Alameda de las Pulgas to Westgate with additional catch basins. Cost, $3500.

"Project 6 — Construction of two concrete bridges, to replace wooden structures in dangerous condition, one at crossing of Redwood Ave. and one at crossing of Gordon St., and connected by either a continuous culvert or retaining walls. Estimated cost, $18,000. A portion of this cost will be obtained from gas tax funds.

"Project 7—A concrete bridge at crossing of Hudson St. near Redwood Ave. to replace wooden structure of poor condition. Estimated cost, $4000.

NEW BRIDGES

"Projects 8 and 9—Two concrete bridges to replace wooden structures in poor condition, one at crossing of Fay St. and one at Clinton St. Estimated cost, $8400.

"Project 10—A reinforced concrete bridge at Duane St. crossing near Harrison Ave. to replace wooden structure in bad condition. Estimated cost, $6300.

"Project 11—Extension of the reinforced concrete retaining wall from the end of present wall to connect with concrete bridge at crossing of Lathrop St. Estimated cost, $6000.

"Project 12 — Construction of an 18-inch sanitary sewer from Chestnut St. along extension of Broadway through Recreation Park and across Bayshore Hwy. to connect with North Fair Oaks Sanitary District sewer at Pulgas Rancho line. An agreement must be entered into with the county as to privilege of connection and pro rata cost of pumping. Estimated cost of sewer, $7200, and average annual pumping cost, $500."

Supervisors Are Sued In Permit Row

The extended battle of the McKenzie School of Individual Instruction to establish itself in Menlo Oaks, suburban residential district near Menlo Park, reached the superior court of San Mateo County Wednesday after previous rounds before the County Planning Commission and the board of supervisors.

Superior Judge A. R. Cotton conducted a hearing on the school's petition for a writ of mandamus to force the supervisors to grant the school a permit. Atty. James T. O'Keefe Jr., representing the school, asserted the supervisors had abused their discretionary power under the county planning ordinance in denying P. E. Bush a permit for the school on his two-acre Berkeley Ave. estate.

Asst. Dist. Atty. Daniel E. Sullivan entered a categorical denial to the petition's charges, and asserted there was nothing to show the board had abused its power in acting on the planning commission's recommendation against the school permit.

Lilla B. McKenzie, educational director of the school, was called to the stand to testify to the background and program of the school, a private institution for children with speech and hearing defects. The school, now in operation in San Francisco, is sponsored by a group of wealthy San Franciscans.

The hearing was expected to be concluded late today.

Chamber of Commerce Changes Outing Date

Date of the chamber of commerce barbecue has been moved up to next Wednesday at 6 p.m., according to Carl Ward, chairman of the arrangements committee. The change in date was made so the barbecue would not interfere with members who plan to go deer hunting when the season opens Aug. 1.

The barbecue and dance will be held at the transit shed at the Port of Redwood City.

It is estimated 5000 pounds of aluminum are required to build a pursuit plane.

MENLO PARK NEWS

Mrs. James Cooper, wife of the city councilman, is enjoying a vacation at Twain Hart, in Tuolumne County, for two weeks. Mrs. Cooper is president of the Woman's Club of San Mateo County and is prominent in local social affairs.

Two sales in the Flood tract totaling $25,000 this week. Homes valued at $15,000 each will be built on the property.

Mr. and Mrs. Roger Lapham of Atherton have returned home after spending three months in Washington, D. C.

The business of the local postoffice had grown to the extent in the past year that Postmaster Morey is contemplating on two more carriers from the civil service list.

Tom Williams visited friends here Tuesday. He is an employe of the state and works in Sacramento. He is the only son of the late Tom Williams of Emeryville, the one-time millionaire and political leader.

Miss Agnes Sullivan and Miss Emily McCarthy are enjoying a vacation in New York City. The young ladies will be gone for two weeks.

Isabelle Weeden Lindquist, 26th District American Legion Hospital Entertainment chairman presented the following program at the Veteran's Facility on July 18:

Madam Camille Bruguire and cast of 25 presented the following numbers: Opening of Spring; Betty, tap toe specialty; small children, "Paris"; Jimmie and Marge, comic song and dance; Mildred, syncopated tap; Jean, Kenneth and Buster, "Daughter of Love"; Minnie Lee, soprano, "Roses of Picardy"; Minnie, Jimmie and Elsie, "Dainty Steppers"; Jeanette, toe ballet; small children, folk dances; entire cast, Russian dances; Art and Ida, "Street Vendor"; Phyllis, toe dance; immie, Mildred and Betey, "Military"; Marje, acrobatics; entire cast, finale, "Egyptian Extravaganza."

Beatrice Bridges, NBC artist, sang. She was accompanied by George Wilcox. Stanton Mullen of Redwood City operated the public address system for Miss Bridges and assisted in making records of community singing of the veterans assembled.

There were no direct officers present due to the preconvention caucus at Burlingame.

Isabelle Weeden Lindquist and her children, Emma Roberta and Billy, and Hank Myers, took in the Salinas Rodeo.

Mr. and Mrs. Louthberry and their daughter, Patricia, with Roberta Lindquist and Betty Ellis, had a barbecue at Half Moon Bay Wednesday.

Isabelle Weeden Lindquist will sing a group of soprano solos at the 8 et 40 installation in Burlingame Legion Hall Saturday night.

Philip Blanchard, a member of Menlo Park American Legion Post 443, was elected commander of the 26th district Friday before an arranged preconvention caucus held at Burlingame.

Ballet Russe Maps Engagement in S. F.

Firmly established in San Francisco after seven consecutive winter seasons, the Ballet Russe de Monte Carlo will make a bid for summer favor when Metropolitan management presents this greatest of ballet troupes in a special engagement at Memorial Opera House, Aug. 5 to 9.

The company comes direct from New York and will make no other appearances in Northern California, its initial Summer tour being limited to engagements in San Antonio, Tex.; Hollywood Bowl and San Francisco. Five evening and a Saturday matinee performances will be given in San Francisco. Tickets are on sale at Sherman Clay box office.

The Ballet Russe made its first summer appearance in New York last week at Lewisohn Stadium before 18,000 people. The performance also marked the premiere New York appearance of Ballerina Tamara Toumanova, who has rejoined the company, with the Monte Carlo ballet.

Critics declared the "black pearl of the ballet" to be more lustrous than ever. Sharing praise with her were Artistic Director Leonide Massine, Alexandra Danilova, Jeanette Lauret, Igor Youskevitch, Andre Egelevsky, Frederic Franklin, Marc Platoff and others of the company of 125 familiar and favorite with San Francisco balletomanes.

A specially selected summer repertoire of 16 different ballets is programmed for San Francisco with Efrem Kurtz conducting a symphony orchestra. The ballets are: "Poker Game," "The Nutcracker," Prince Igor," "Les Sylphides," "Petrouchka," "Afternoon of a Faun," "Le Beau Danube," "Vienna-1814," "Scheherazade," "Capricio Espagnol," "Les Elfes," "Seventh Symphony," "Igrouchki," "The New Yorker," "Serenade" and "Boute Fantasque."

NYA School Classes Remain Open Here

Status of the national defense training class for National Youth Administration youths, conducted four nights each week at Sequoia High School by a teacher paid by the state, remained in doubt this week.

S. S. Mayo, Sequoia evening school director who has charge of the class, said he had wired the State Department of Education for instructions, but had not yet received a reply.

The eight-week course in typing, shorthand and office practice opened July 7. Funds to provide for an instructor and materials for the full course have been set aside, but this money may be diverted for other uses since the NYA ordered non-defense projects stopped, Mayo said.

Fifteen NYA employes take the course, including 14 girls and one boy. The class meets for two hours four nights a week. The meetings will continue unless the class is ordered discontinued.

Fear that the classes might be brought to an end was expressed after all other NYA projects in San Mateo County were ordered closed down last week. The closure resulted in throwing many young people out of jobs which were held in the city and county offices. County and city officials now are attempting, through NYA headquarters in San Francisco, to have the abolished positions restored.

A proposal that the British Houses of Parliament be moved away from the Thames was abandoned in 1840 partly because the Duke of Wellington pointed out that the buildings, if situated on the river, never could be surrounded by a mob.

When buying fresh shrimps for shrimp cocktails, 4 or 5 per person is enough. Always remove the little black vein running around the outside with a sharp-pointed knife.

S. C. Man Held For Shooting Pet Collie

SAN CARLOS—"Flash", the pet collie of John, 6, and Pat Murphy, 10, of San Carlos, was in the "hospital" this week as the result of a shot fired at him by Emile Escloses of San Carlos yesterday.

Playing near the dog at the time of the shooting were the Murphy children, sons of Mr. and Mrs. Paul J. Murphy, building contractor of San Carlos, and Richard Jones and Barry Houck, playmates.

A warrant for the arrest of Escloses was filed this morning with Judge Rupert C. Johnson of San Carlos by Murphy.

The children were playing on a vacant lot near the Escloses home at 1812 Chestnut St. when, according to their story, Escloses shouted to them. They continued their play, and Escloses allegedly went into the house and returned with a .22 caliber rifle and fired in the direction of the children, hitting the dog in the leg, wounding it badly.

Escloses was arrested today and was later released on $100 bail and his trial set for July 23 in the San Carlos Municipal Court.

Saida (or Sidon) in Syria is believed to be the most northern point visited by Jesus.

MAN

Your San Carlos Story Is News Too.

LET THEM KNOW IT!

Lots of people tell us "gosh it must be a hard job to write a newspaper." Well they are wrong, all wet. Our big job getting out a paper is to gather, edit, set up, print and distribute the news before it's cold. It isn't hard to write news—because real news writes itself. All our correspondents and news people who cover SAN CARLOS do is to answer the vital question WHO? WHAT? WHERE? WHEN? Then they let the facts tell their own story.

Text books may not say so but that goes for news and for ADVERTISING TOO. Make your ad informative and newsy and your goods will move quicker because readers are hungry for news well told.

FOR INSTANCE readers in SAN CARLOS want to know where their TAX MONEY GOES—they find out through their COUNTY SEAT DAILY.

KEEP IN TOUCH with the alert, progressive shopping district of REDWOOD CITY—the county seat center of all county activity. Send us news items regarding your neighborhood in SAN CARLOS. WE ARE ANXIOUS TO GIVE ALL THE NEWS about BETTY OR TOM'S PARTY. Our reporters can't be everywhere, but we try.
